**P**athfinder Systems, Inc. manufactures, distributes and sells a wide range of material handling and pneumatic conveying components in the industrial, chemical, food and beverage, and agricultural industries. With 30 years of experience, we can supply you with customized packages, components and process solutions.

### **Blower Packages**

- Rotary positive displacement blower
- Silencers and filter sized for your package
- Premium low overhung load drives
- Gauges, valves, relief valves, etc. available

### **Sound Enclosures**

- For PD Blowers, Fans, Crushers, Compressors
- Interior or exterior installations
- Attenuations up to 23 dBa.
- Aluminum, steel, or stainless

### **Weighted Relief Valves**

- Pressure and Vacuum
- Accuracy to 0.2 PSI
- Zinc chromate weights
- 1 to 29 PSI
- 2", 3", 4" sizes available
- Anodized aluminum body

### **Check Valves**

- Wafer swing type, aluminum
- Teflon bushings and seat
- Mounts between 150# flanges

### **Custom Fabrication**

- We are your silent partners; we fabricate your proprietary equipment with your brand
- All alloys and materials
- CNC Plasma Cutting
- From start to finish, we are your design, fabrication and production company

### **Bulk Bag Unloaders and Loaders**

- Rugged, expandable design
- Adjustable hooks
- 4,000 lb. capacity (max.)
- High performance agitation
- 4-bolt floor mounting
- Carbon steel, stainless, or aluminum
- Steel-it coating

### **Dresser Roots Blowers**

- Dry Vacuum to 27 inHG
- Pressure up to 30 PSIG
- 2 - 20" gear diameters available
- Large inventory available
- Factory certified blower repairs
- Parts inventory

### **Stoddard Silencers and Filters**

- Rotary Blowers, Fans, Compressors
- High attenuation, low pressure drop
- Chambered and chambered/packed silencers
- Replacement filter elements

### **Pebco Powder and Bulk Solids Handling Equipment**

- Dustless Loading Spouts
- Slide Gates
- Low Profile Diverters
- Rolling Blade Gates and Diverters
- Mass Flow Feeders
- Double Dump Valves

### **Williams Pulverizers and Crushers**

- Hammer Mills
- Roller Mills
- Impact Dryer Mills
- Crushers
- Chippers
- Granulators
- Shredders
- Sorbent Preparation and Sludge Drying/Incineration

### **Stearns Magnetics and Ohio Magnetics**

- Lifting Magnets and Magnetic Separators
- Standard, Circular, Bipolar Magnets
- Rectangular Lifting Magnets
- Standard & Alternating Pole Magnetic Drums
- Over-the Belt Magnets, Magnetic Pulleys
- Wet or Dry Magnetic Separators
